

## Test World Events

Test World, located in Northern Finland, offers an extraordinary and exciting opportunity to drive vehicles on snow and ice in a safe and secure environment, providing one of the most varied winter driving experiences available.

Test World offers a full range of winter driving programmes for all abilities, from novice to the seasoned professional. Events are tailored by either providing a variety of cars with professional drivers and supporting staff, or just the facilities.

A truly memorable experience is provided including the booking of hotels or luxury accommodation and the best of Finnish hospitality. Ivalo airport is conveniently located, close to the proving grounds and benefits from frequent daily flights to Helsinki with connections to all major European and Asian cities.

The programme of winter activities includes husky safaris and snowmobile expeditions in the untamed Lappish wilderness, and hunting the Aurora Borealis, more commonly referred to as the "Northern Lights".

Whatever the event, Test World will make it easy for customers and guests to have an experience they will be talking about long after they have left the frozen north.
